HHS Organization Chart

HRSA: The Nation's Access Agency

HRSA works to:

- Expand access to comprehensive, culturally competent, quality health care
- Improve health outcomes among America's ethnic/racial communities
- Train health professionals and improve systems of care in rural communities

Agency Overview

- **HRSA Vision:**

HRSA envisions optimal health for all, supported by a health care system that assures access to comprehensive, culturally competent, quality care.

- **HRSA Mission:**

HRSA provides national leadership, program resources and services needed to improve access to culturally competent, quality health care.

Agency Overview Continued

- **HRSA Goals:**

Goal #1: Improve Access to Health Care

Goal #2: Improve Health Outcomes

Goal #3: Improve the Quality of Health Care

Goal #4: Eliminate Health Disparities

Agency Overview Continued

- **HRSA Goals continued:**

Goal #5: Improve the public health and health care systems

Goal #6: Achieve excellence in management practices

How HRSA Serves America

- **HIV/AIDS Bureau:**

Administers the Ryan White HIV/AIDS program, which funds primary health care, support services and life-saving medications for more than 530,000 low-income, uninsured and underinsured people living with HIV/AIDS.

How HRSA Serves America

- **Bureau of Primary Health Care:**

Manages the national health center network, which is comprised of more than 1,110 grantees that operate community, migrant, homeless and public housing health centers. The grantees provide community-based, primary health care at over 7,500 sites nationwide and will provide care for 16 million people during FY09.

How HRSA Serves America

- **Maternal and Child Health Bureau:**

In partnership with States, MCH programs serve more than 34 million women, infants, and children each year. About 60 percent of U.S. women who give birth receive services through HRSA-supported programs.

How HRSA Serves America

- **Bureau of Health Professions:**

In many areas, health care professionals are in short supply. BHP helps train physicians, dentists, nurses, physician assistants, mental health professionals, and other providers and places them where they are needed most.

How HRSA Serves America

- **Healthcare Systems Bureau:**

Oversees the Nation's transplant systems, helps communities respond to mass casualty events, and compensates families of children harmed by vaccines.

How HRSA Serves America

- **Bureau of Clinician Recruitment and Service:**

Administers programs such as the National Health Service Corps in which individuals accept loan repayments or scholarships in primary care training in exchange for service in medically underserved areas.

How HRSA Serves America

- **Office of Rural Health Policy:**

Administers grants and technical assistance that helps rural health care providers build coordinated systems of care that improve local residents' access to medical services.

Office of Performance Review

- **Performance and Strategic Partnership Reviews**

Types of HRSA-Funded Grantees:
